Disaster Risk Reduction and Management

We provide comprehensive solutions that make communities safer and more disaster resilient over the long term. We've collaborated with international centres and companies worldwide to help identify threats, avoid risks, and improve the capacity to cope with the most pervasive and extreme hazards.

We help government agencies and humanitarian assistance organizations and provide the following services to mitigate the risks and improve disaster resilience:

Early Warning and Multi-hazard Monitoring Tools

Risk Assessment and Mitigation

Predictive Modeling Tools

Conducting Disaster Preparedness Baseline Assessment

Risk Intelligence and Decision Support Tools

Training and Exercises
